Report Details

All Cultural Facilities Fund grantees are required to submit one report as a condition of their grant. Please note that this is the only report required of you as a grantee.

The goal of this report is to help us quantify the impact of the Fund. This economic impact reporting is a statutory requirement to be carried out by the Mass Cultural Council and MassDevelopment, the agencies that administer the Fund.

If your project has not begun and you cannot answer the questions, that's okay. Just select "Has not started" in the dropdown box below and click Submit. You will be resent the survey to complete it next year. We only capture this information once per grant.

Note: You will also be receiving a separate Future Capital Needs Survey to capture data on upcoming facilities projects for the Legislature. Please fill that out too, it will only take a minute.

If you have any questions please contact Miranda Cook at miranda.cook@mass.gov
